ROBBER KILLED IN SOUTH CORBIN

William Code, of Jackson County, was shot to death last Saturday morning at about 1:30, while attempting to rob the store of Baker & Bylie in South Corbin.

Coe had forced his way into the store by breaking thru a door and was in the act of selecting his loot when Mr. Bylie, who was sleeping in the store, called to him to put up his hands. Coe refused to do so and Bylie fired, the ball passing thru Coe's body and inflicting a death wound.

Coe was buried in the potter's field by the Corbin Undertaking Co. The store of Baker & Bylie had been robbed previously a number of times. —Corbin Times.

CONCERNING ROAD TO CORBIN

Washington, D. C. Dec. 7, 1921. Mr. Fred Burman, Judge J. D. Tuggle, Barbourville, Ky.

Dear Friends: I recently received a letter from the Hon. Joe Boggs, State Highway Engineer, in which he uses this language: "I am in receipt of your letter, and would advise that the project between Corbin and Barbourville will most certainly be placed under contract under the provisions of the new Federal Aid Act."

He further advises that there has been some delay because of the necessity of the Road Department here getting out some new rules and regulations for operation under the new Road Law.

I have had assurances all along that this contract would be let at an early date, and I feel sure that it will.

With best wishes, I remain,

Your friend,

J. M. ROBISON.

ANNUAL MEETING OF THE RED CROSS

The annual meeting of the Red Cross Chapter of Knox County was held at the Christian Church last Thursday evening. The reports for the year were presented. The receipts from the roll call show a substantial increase over last year but are still far below what they should have been. The future of the chapter is dependent upon the attitude of the people toward it.

It might be information for some to say that it is directly thru this organization that every needy, dependent or wounded soldier receives benefit from the government. 150 cases of ex-service men were taken up during the year. A small child of a soldier was able to get compensation thru the chapter. The families of the deceased soldiers were all assisted in getting their insurance money. Seventy-five men were helped in getting vocational training. Not less than nine hundred letters were written in connection with establishing the claims, etc. for ex-service men. This is what the chapter is doing for the men that served from our county—the ones that we supported so enthusiastically during the war. Is it possible that we are not sufficiently interested in their present to help at this critical period? The loss of Knox County's chapter will mean a hardship upon the ex-service men that are dependent upon it, besides the many who are being helped continually by the Red Cross County Nurse.

UNION COLLEGE PUTTING ON ENDOWMENT CAMPAIGN

The advance agent for Union College campaign to raise \$750,000 endowment fund is here and is preparing constituency lists etc. for use in this campaign.

The campaign is backed by the Methodist Church which expects to make Union College a greater force for good in the church, the state, and the nation, by enlarging its opportunities along lines of Christian education, for which purpose the College was originally founded.

THE MOTHERS OF KENTUCKY

The Kentucky Club of Christian College, Columbia, Missouri, was given a very beautiful luncheon this week by Mrs. St. Clair Moss, president emerita of the college, in her apartment in Missouri Hall. In addition to the ten girls from the state of Kentucky who are attending the college there were several members of the faculty of Christian College who came from Kentucky and a few guests from that state. Mrs. Moss is a native Kentuckian and she was president of Hamilton College for a number of years. It was natural, therefore, that the following little verse to Kentucky mothers should well up in her heart when she had as guests under her roof such a beautiful group of Kentucky daughters.

TO A KENTUCKY MOTHER

Famous long in song and story, Is Kentucky;
Field and mine yield untold riches, In Kentucky.
Would you know the greatest glory Of Kentucky?

Not the wealth of brain or commerce Of Kentucky—

In that Paradise the rarest, Of Kentucky.

There's a name above all others In Kentucky.

Crowning saint and hero—fairest, In Kentucky.

'Tis the mothers, loyal mothers, Of Kentucky.

Well Known Railroad Man Dies

Mr. N. L. Fagin died at his home in Cincinnati Thursday morning, December 1st, of abscess on the brain. The remains were brought to Barbourville for burial in the family graveyard. Funeral services were directed by Brother Willis Diney at the home of Mrs. Fagin, the wife's mother.

Mr. Fagin was very well known and liked in Barbourville and vicinity, having been a railroader for thirty-five years. His death came as quite a surprise to his friends although he has suffered incessantly for two years.

Mr. Fagin is survived by his wife, six daughters, one son two sisters and other relatives, as well as many friends. He died at the age of 47 years and 11 months.

The family wish to extend their sincere thanks to Brother Diney and the many friends who have been so very kind to them in their bereavement.

REV. H. E. LACY RE- CEIVES APPOINTMENT

The Rev. H. E. Lacy has been appointed secretary for District No. 4 of the National Association of Local Preachers of the Methodist Episcopal Church. This district is called the S. E. Middle District and includes the states of Kentucky, N. Carolina, S. Carolina, Georgia and Florida. It is one of the ten districts of the Association in the United States.

Rev. Lacy is the pastor of the Williamsburg Circuit and an Indiana Student at Union College. This appointment will not seriously interfere with his college work as he will act only in an advisory capacity to the various state secretaries during the school year, although he is the chief executive for the work in this district.

Rev. Lacy formerly held a similar position in Indiana for the Boy Scouts of America.

A STRONGER FOUNDATION

In the year 1600 the world had 80,000,000 people professing the Christian faith. The number had grown to 200,000,000 by the year 1800. Now the Christian religion has more than 500,000,000 followers, covering 85 per cent of the habitable earth.

Christianity in the last century grew two and a half times more than in the combined eighteen preceding centuries. In the last twenty years the number of Christians has increased more than in any previous twenty years, dating from the time of Christ.

The foundation of civilization of civilization is stronger than ever before. The house above rocks in the hurricane, but it will surely stand. —Louisville Herald.

RED CROSS LIFE SAVING CORPS

A Red Cross Life Saving Corps was organized in Barbourville at Union College last Friday by Capt. Wm. P. Cline, of the Lake Division of the Red Cross Life Saving Corps. Sixteen passed the examination that is exacted by the Red Cross for membership in the Corps. Those passing were: Misses Cora Sevier, Marie Jackson, Catherine Richardson, Ellen Howard, Mary McDermott, Margaret J. Linnett, Allan Faggie, Will Ed Dishman, Creely Boez, Kenneth Lankersley. Five of these, who are seniors in the work, were selected as examiners. The juniors that passed the examination are Ben Dorman, Richard Patterson, Alva Stork, Lew L. Brown, Luchorah Ryler. Miss Sevier, who has been training the young people passed with the highest grade.

Capt. Cline was highly pleased over his finding here and said that the swimmers were unusually well trained in their work. This organization will be permanent here and it is expected that during this year after two more examinations the membership will greatly enlarge.

PARENT TEACHER ASSOCIATION ASKED TO ASSIST IN WORK

Parent-Teachers organizations in
every school district in Kentucky
are called on by the State President,
Mrs. George C. Weldon, to help the
Kentucky Children's Home Society
in its effort to build a cottage village
at Lyndon, Ky., for the care of the
homeless children of Kentucky.

Mrs. Weldon in her letter points
out that the purposes of the two or-
ganizations are so parallel that even
the names should be synonymous.

The Kentucky Children's Home
Society, at present, is caring nicely
for more than 150 children, and yet
throughout the State there are thou-
sands of little ones homeless, friend-
less and knocking at the door of the
institution for admission that crowd-
ed conditions forbid.

The Society was founded twenty-
five years ago by Judge Reginald
Thompson who died soon afterward.
Judge Robert W. Bingham, the 1st
Vice-President and one of the char-
ter members, then was elected to the
Presidency, which post he still holds.

During its existence the Society
has taken in nearly 1,000 children,
and almost all of them have been
placed in good homes. In hardly a
community in the State is there not
some prosperous business man or
happy wife who was a ward of the
Society, and in the majority of cases
these useful citizens of today were
found in similar and kind surround-
ings that breed crime and poverty.

Only by order of the various County
Judges are children admitted,
and now the doors of the institution
are temporarily closed, these child-
ren must be placed in the squalid
poor houses to await the construc-
tion of the cottage village.

Bronzel Mc Williams, Arthur Delph and Robert Blair were the proud possessors of a rabbit Monday after a hunt in the rabbit territory.

The Freshman and Sophomore girls played Saturday night; score 2 to 5 in favor of the Freshman team.

The Faculty Team had to do some down right hard work to keep ahead of the Freshman boys on Saturday night. Score, 15 to 18 in favor of the Faculty.

"I know it, but he carries the biggest bunch of keys of anybody here, and when he hurries they jangle and it's very impressive. Bluff is what gets you by, anyhow, these days. Didn't you know that?"

Habitual.

"Oh, no; I mean the one sitting on the hatch."—Judge.

Gifted Orator.

"Has he any ideas about the best way to do that?"

"No, but he can make a speech on the subject that will hold an audience spellbound for an hour."

"You believe in giving the public what it wants?"

"Of course," replied Mr. Stornalton Barnes, "always assuming that the public wants myself and co."

Liberal Education.

Regardless of a cad's years,
He's always worldly wise;
Considering the talk he hears,
That should not cause surprise.

Baffling Visitor.

"Who's the mysterious stranger in town?"

"I hear he's a propagandist," said Squire Witherbee.

"For what?"

"I dunno. He ain't tryin' to borrow any money, he don't get no mail an' th' clerk at th' Eagle house hasn't been able to draw him out yet. Blimed if I see how we're goin' to find out what th' cause is up to."

Insuperable Difficulty.

Mistress—Bridget, get lunch on the gasoline stove.

Bridget—Indeed, mum, I did try, but the stove went out.

Mistress—Then try to light it again, Bridget.

Bridget—Yes, mum, I will, mum, but it's not come back yet. It went out through the roof.—Carolina Tar Baby.

Self Control.

"Do you never lose your temper in a debate?"

"Never," replied Senator Sorghum.

"Occasionally I assume an air of passionate indignation for rhetorical effect. But I always rehearse that part of the speech even more carefully than the rest."

Before and After.

Mr. Pester—Cleaning house just because a few women are going to drop in this afternoon? You never make such elaborate preparations when I entertain my friends.

His Wife—No, but I clean up five times as much after they leave.

Unprepared.

"How do you start the day out on the farm, Sir?" asked the visitor.

"Gosh darn it, don't blame me," drawled the new-style farmer. "I don't start it. The darn thing comes along before any of us are ready for it."

An Erudite Babe.

"Mother, I have bruised my arm."

"Smile I kiss the place and make it well?"

"Oh, mother, I don't know. I have heard it said that kisses are not anti-septic."

To Say Nothing of the Neighbors.

"Mother," said the little girl at the piano, "may I stop practicing for a while?"

"Why, dear, are your hands tired?"

"My hands aren't, but my ears are."

TALKING OPPOSITION TO CONGRESSMAN ROBSON

Some of the Mountain Weeklies, evidently inspired from the fountain head or with the wish to bring about a campaign next year, are stating that Congressman Robson is likely to find opposition when his term of office expires. Three States Middleboro, last week carried an article dated "Harbourville," which is practically of the same calibre as those appearing in the weeklies already mentioned and carrying no date line.

This article purports to show that Congressman Robson is in bad because he has shown himself friendly to the Unions. The article incidentally admits that he has a good roads law to his credit and that we are all interested in good roads.

The fact is that Congressman Robson has been friendly to every man, woman and child in the 11th District. His district and its well being lie close to his heart.

Those who know our fighting Congressman best, know that back

of all the tremendously hard work he has put in while steering his road bill to port, lay the thought, "If any district of the United States needs good roads, it is surely the 11th District that needs them" and with this thought in mind, he pitted every ounce of energy against those city congressmen who, for selfish purposes would have denied the 11th District the right to good roads, or would have switched the money to roads for national joy riding. The farmer, the small town merchant and citizen are the ones who will benefit by the Robson road bill rather than the man whose main object in life is to kill time in annihilating space.

The Robson road bill is essentially in the interest of the man who needs it most, namely, the man on the farm who has something to sell and who, for several months of the year cannot profitably market what he has to sell.

We sincerely believe that our Congressman is a big man, not only physically, but morally and intellectually, and no small, peanut pol-

It takes a man of parts to do it and J. M. Robson has not only succeeded in doing so, but is growing stronger in his influence every day.

He is known to be honest, both at home and in Washington and the people of the 11th District will certainly show their appreciation of his work should opposition arise.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Ask your neighbor! Here's a Harbourville case:

J. H. Smith, retired shoemaker, N. Main St., says: "Doan's Kidney Pills are the best kidney remedy I ever saw. I had rheumatic pains in my arms and I couldn't move them. My joints were stiff and ached fully. My shoulders, back and limbs pained and I could hardly get about. The kidney secretions were scant in passage, and highly colored, was in a bad condition when I began to use Doan's Kidney Pills. They soon helped me. The aches and pains left me and I felt better than I had for years. I am always glad to recommend Doan's."

(Statement given Nov. 6, 1916.)

On March 12, 1921, Mr. Smith said: "I still take a few Doan's Kidney Pills when I think my kidneys need attention and they never fail to help me. Doan's is a fine kidney medicine and I am always glad to speak a good word for them."

TO THE BOYS AND GIRLS OF THE UNITED STATES

One family in about every ten puts a badly addressed envelope in the mail every day. This mixes up over 2,000,000 half addressed letters with the 40,000,000 fully addressed letters. That means that the fully addressed letters must wait on the slow-moving poorly addressed letters just like the larger boys and girls are delayed by a lot of "bad kids" tagging along.

You boys and girls can help the Postal Service and save your father some money, because he has to help pay the cost of searching for letters and parcels sent out by this one careless family in every ten. First, find out if your family is the careless one, then bear in mind that your letters must be handled by skilled mail distributors standing in post offices and on swaying postal cars of a mile-a-minute trains, often under poor light. The address on every letter, card, or package must be correct, complete, and legible, including the house number and name of street and the "From" address should be in the upper left hand corner so that the mail will be returned to you in case it is not delivered. Do not abbreviate names of States because so many look alike when so abbreviated.

Put the proper amount of postage on your letters and wrap the parcels carefully. Avoid fancy writing, which causes post-office clerks and letter carriers to stop and study and thus lose time. Make the address plain and easily read, and always use pen and ink or type writer and light colored envelopes, so as to save the eyes of the post office clerk. Do not use envelopes of unusual size. The little ones that are so frequently used for cards or notes at Christmas or other holiday times cause an untold amount of trouble and labor, as they will not fit the cancelling machines and must therefore be canceled by hand. Because of their size and tendency to slip out of a package these small envelopes are more likely to be overlooked or lost.

Mail your letters or packages early in the day because this avoids overloading and delaying mail at the end of the day.

Don't forget to mail Christmas packages this week!
